Commercial/Industrial Estimator – Kitimat, BC

A tremendous opportunity for an experienced Estimator with a progressive, people-oriented company...

*****We are looking for someone who wants to relocate to the area and join the Kitimat team on a permanent basis. Relocation expenses and temporary accommodation will be provided for the right person.*****

Synergy HR Consulting is a Human Resource Management and Recruitment firm – providing a broad range of HR & Recruitment services to a variety of businesses in all industries across Canada. We work collaboratively with our clients to ensure we understand their core business, building teams that are engaged, empowered, and accountable. Our meaningful, long-term relationships with our clients make us an industry leader in providing exceptional HR and Recruitment support.

On behalf of our client, 101 Industries, a division of CIMS Limited Partnership, Synergy HR is seeking **an experienced and motivated** individual **with proven Estimator experience** to fill the role of **a Commercial/Industrial Estimator**.

101 Industries is one of the largest multi-discipline trade contractors in Northwest BC, serving a diverse group of industrial and commercial customers across a wide range of industries. CIMS LP is 100% Canadian owned and operated mechanical contractor serving locations across Canada. In addition to be an industry leader and formidable market leader, CIMS is passionate about hiring and retaining the market's best talent and offers exciting work, training & development, engagement and opportunity to all of its employees.

In the position of **Commercial/Industrial Estimator**, reporting to the General Manager, you will work closely with all internal stakeholders to prepare cost estimates for commercial & industrial client projects by evaluating bid specifications and analyzing the cost of materials, labour and equipment required.

You will be accountable for:

- Developing comprehensive and accurate project estimates in response to client needs
- Developing and implementing policies and procedures for the estimating function
- Bid strategies and estimating practices for commercial, cladding & flat roofing, mechanical installations, piping, structural steel erection, and tank/plate work
- Compliance of processes and use of estimating tools
- Instrumental in identifying and implementing continuous improvement initiatives
- Subcontract administration and vendor relations
- Present and develop bids, estimates, conceptual bids to clients and potential clients
- Support and promote CIMS' culture, values, and business strategy

To be successful in this role you must have:

- Undergraduate degree in **Engineering** or similar or Technical School Certification (including Trade Certification) in appropriate discipline – a combination of **education, training, and experience**.
- **5+ years of experience in estimating** - commercial and industrial estimating experience an asset.

- **5+ years of progressive experience in commercial/institutional heating and plumbing systems** – consisting of hot water,
- Forced air, heat pumps, potable water, drainage, ducting and gas piping.
- 5+ years of experience in structural steel and steel decking terminology and connection designs and details
- Ability to solve problems innovatively and creatively
- Strong competency in technical writing
- Excellent verbal and written communication skills
- Exceptional organizational and planning abilities
- Ability to work effectively across all levels of the organization
- Proficient in MS Office Suite and other technology resources.

If you feel you are qualified for this role, please submit your resume through Indeed.ca
