

## **QA/QC Regional Manager (AB & SK) – Fort McMurray or Edmonton, AB**

*A tremendous opportunity with a progressive, people-oriented company....*

CIMS Limited Partnership, is seeking a **motivated, detail oriented individual with leadership experience to provide assistance and direction to supervisors & inspectors** for the role of **QA/QC Regional Manager**.

CIMS LP is 100% Canadian owned and operated mechanical contractor serving locations across Canada. CIMS provides services in the heavy industrial sector including the largest plant shutdowns and complex industrial projects in the Oil & Gas, Mining & Industrial, Pulp & Paper, and Power Generation industries. In addition to being an industry leader, CIMS is passionate about hiring and retaining the market's best talent and offers exciting work, training & development, engagement and opportunities for growth to all of its employees.

In the position of **QA/QC Regional Manager**, reporting to the **Director, Quality Assurance/ Control**, while working collaboratively with the **VP of Operations – AB & SK**, you will be responsible for ensuring that Quality Management Systems, Processes, Documentation, and Skilled Staff deliver superior quality and results to customers and key stakeholders regionally.

*The QA/QC Regional Manager's time will be split 70/30 between Fort McMurray, AB field work and the Edmonton, AB office respectively.*

### **You will be accountable for:**

- Providing Quality Assurance leadership and direction to Regional QC Inspectors, Site Managers, and Job Superintendents.
- Work collaboratively to develop and implement QA/QC program that is aligned with and supports the strategic goals, initiatives, culture of the company, and improves outcomes across the region.
- Proactively identify, mitigate, manage and report business Quality risks and opportunities.
- Ensure that CIMS' Core Values and Guiding Principles are integrated into all business practices and leadership models behaviours that cultivate safety, quality, customer value, performance & integrity.
- Effectively and efficiently allocate QA resources to projects as needed in a cost-effective manner.
- Support and promote CIMS' Culture, Values and business strategy.
- Ensure internal and external customer needs are supported.

### **To be successful in this role you must have:**

- Degree or Diploma in relevant discipline
- 7+ years of experience in heavy industry, construction, or operations, production and/or maintenance in tool management, use or maintenance role.
- Working knowledge of QA/QC processes and systems.
- Familiar working in a unionized environment
- Ability to organize and prioritize work.
- Ability to manage in a high-paced work environment.
- Demonstrated leadership skills.
- Collaborative, self-starting, team player willing to work towards achieving the strategic goals of the company.
- Excellent English verbal and written communication skills.
- Valid Driver's License

***Working Conditions include:***

- Working in both an office environment and on client sites, supplier premises and other facilities.
- May be required to work outside in heat/cold, wet/humid, and dry/arid conditions
- May be required to work outside of normal work hours on occasion to meet deadlines.
- May be required to work shift work on client sites including unusual shift rotations.
- Travelling between Edmonton, AB and Fort McMurray, AB will be required.
