

Sr. Quality Assurance Manager, Canadian Operations

CIMS Limited Partnership is seeking an *enthusiastic, people leader* who is *passionate about delivering the best quality program* to our customers in the heavy industrial sector for the role of *Senior Quality Assurance Manager, Canadian Operations*.

In the role of **Sr Quality Assurance Manager** at CIMS LP, you will be a key contributor towards CIMS success by overseeing all aspects of the Quality Management Systems, process, documentation and by living the CIMS Core Values of **Our People, Our Promise, Our Passion**. Your focus will be on the delivery of a superior quality program and results to internal and external customers and key stakeholders throughout CIMS Operations.

You will report to the Director of QA/QC and be accountable for:

- Maintain CIMS ASME, Provincial and National Board Regulatory Certification
- Assist in development, scheduling, and maintenance of CIMS Internal and External Auditing program.
- Provide Quality Management System leadership, training, and direction to Regional QA leads and staff, Site Managers, and Job Superintendents.
- Work collaboratively to develop and implement CIMS QMS, OEMS, and Quality programs that is aligned with and supports the strategic goals, initiatives, culture of the company, and improves outcomes across the organization.
- Ensure that CIMS' Core Values and Guiding Principles are integrated into all business practices and leadership models behaviours that cultivate safety, quality, customer value, performance & integrity.
- Effectively and efficiently allocate Quality resources to projects as needed in a cost-effective manner.

You are the ideal candidate for this role if you:

- Welding Engineering or related Engineering Degree, a minimum of CWB level 2 or higher with extensive knowledge of CSA, ASME, National Board codes, any Nuclear Standard Experience would be an asset.
- Minimum of 10+ years of experience in heavy industry, energy and chemical, construction, fabrication or operations, and 7+ years in QA/QC supervision.
- Lead Auditors Certification (ISO, NQA-01).
- Knowledge of quality systems as it relates to weld procedure specifications, welder qualification and weld materials to ensure that welding conforms to the applicable requirements of ASME Section IX as invoked by ASME Code Sections, CSA B51, W47, W59 and CWB requirements.
- Working knowledge Welding Procedure Development.
- Are a People Leader that can inspire & encourage members of your team to work together towards regional goals.
- Are a driven & enthusiastic person who leads by example and takes a hands-on approach.
- Are flexible to travel to our regional offices and client locations.

** The preferred candidate would be located in the Lower Mainland of British Columbia, as our head office is located in Port Coquitlam, BC. We will also accept candidates who are located in the Edmonton, Alberta area who will work at our regional office located in Sherwood Park, AB.*

Your success in this role will be measured by:

- Your ability to lead by example and honour the CIMS Core Values: Our People. Our Promise. Our Passion.
- Your ability to support the Director of Quality in day-to-day operations
- Proactively identify, mitigate, manage, and report business Quality risks and opportunities.
- Effectively and efficiently allocate Quality resources to projects as needed in a cost-effective manner.
- Establishing annual performance measures and evaluating direct reports.

About CIMS LP:

CIMS LP is a 100% Canadian-owned and operated mechanical contractor serving locations across Canada. We provide services in the heavy industrial sector, including the largest plant shutdowns and complex industrial projects in the Oil & Gas, Mining & Industrial, Pulp & Paper, and Power Generation industries. We have a strong reputation for executing projects on or ahead of schedule and providing critical 24-hour emergency response services. Our labour affiliations allow us to quickly mobilize highly skilled trades for emergency work, complex major capital or maintenance projects. We work closely with our project stakeholder throughout the project lifecycle to identify, implement, and enforce all aspects of work that impacts productivity which is critical to our customer’s success.

What differentiates CIMS is *Our People*. Our reputation for the past 30+ years in the business have given us the ability to attract and retain high performing staff and field supervision who are committed to our CIMS Core Values and making positive impact every day. *Our Promise* is that every employee goes home injury free and that the job is done right the first time. *Our Passion* is providing our customers with peace of mind with our team’s knowledge, experience, innovated thinking and integrity.

What is in it for you?
